[†] Our new SmoothGrip finish uses the latest nano-surface technology to produce a smooth surface, with a high degree of slip resistance. This new surface provides a durable, tactile, low maintenance finish with aesthetic appeal, without sacrificing safety.

*Tiles may vary in sizing, weight, colour, pattern, veining, texture, durability, density, surface and finish from batch to batch. Slip ratings serve as an indication and may vary for each batch of tiles. It is recommended that a new test be performed for each batch of tiles if a slip rating certificate is required.
